150

countries

Investing More to Improve Drug Development & Supply

Fresenius Kabi is leveraging our robust supply chain and our global expertise in manufacturing and technology to develop medicines with the potential to improve patient lives.

- Operating more than 90 R&D centers and manufacturing facilities across the globe
- Nearly \$1 billion invested over the past 3 years in U.S. manufacturing and distribution capabilities
- Leading manufacturing technologies
- Delivering more than 400 million units of injectable medicines delivered each year in the U.S.

Our Four Key Product Segments

Our growing portfolio of products are used to help care for critically and chronically ill patients across America with offerings in areas such as:

IV Drugs

Biopharma

Clinical Nutrition

MedTech

Award-Winning Service

Through our commitment to being a reliable supplier, we have earned some of the industry's highest recognitions.

As a **leading provider of generic medications**, we leverage our 100-year history to delivery innovative therapies that are safe, effective and affordable.

That's how Fresenius Kabi brings confidence within reach.
